About Community Housing Cymru

Community Housing Cymru (CHC) is the membership body for housing associations in Wales. We represent 36 non-profit organisations who provide social housing and related services in communities across the country. Our members house over 10% of the Welsh population and are committed to delivering high-quality affordable homes, tackling poverty, and improving lives.

Our staff team

We are a dedicated staff team who work together to enable our members to be brilliant. Our culture is open, trusting and caring and our values not only reflect how we work with each other but also how we work with our members and stakeholders. Staff have the freedom to perform their job when and where they work best.

We encourage innovation and we are always exploring new ways to do things better. We will continue to support staff to work flexibly with a focus on outcomes.

We have 20 members of staff who work across two teams:

- **Business services –**
HR, IT, admin, finance, member engagement & events and governance
- **Policy and external affairs –**
Policy, communications, external affairs

We have become a fully remote organisation, with staff located across the UK. We have office space based in Cardiff for collaborative working, and we encourage staff to locate for the day, enabling you to determine where you would work best – be that from your home, one of our member's offices, a co-working space local to you or a coffee shop.

We come together face to face as a full staff team [usually in Cardiff] every six weeks to collaborate, innovate and socialise. We provide every member of staff with the tools and equipment they need to be brilliant in their job. We cover travel expenses for work purposes.

Our aim / Our strategic priorities (corporate plan 2023/24 – 2026/27)

What we do

For over thirty years, we have been working with our members to make Wales a country where good housing is a basic right for all. Together we have taken great strides towards achieving this goal, but we know that housing associations and their tenants face new pressures and unprecedented challenges. This plan sets out the actions we will take to support our members to sustain their communities while we continue to fight for the changes needed to achieve this vision.

Over the next four years, we will be focused on the actions that will support our members to make the biggest difference in their communities. We will work hard to secure a stable and sufficient funding and policy framework to support investment in new and existing homes and support services.

We will do this by representing our members, acting as an influential voice to

secure change. We will act as a hub to bring you together to find collective solutions to the challenges we face.

By 2027, we want the sector to have bounded forward once more, and have achieved each of the goals set out below.

1. Secure the tools, funding and policy that supports good quality housing association homes.
2. Influence the policy environment so that housing associations can continue to provide homes that are affordable, and effectively support tenants facing financial hardship.
3. Promote trust in housing associations and support them to build strong partnerships locally.
4. Ensure that CHC is an agile and inclusive membership body and an exemplar employer.
